

Jeff Eustache RFT, Manager

Forest Fuel Management Department

First Nations Emergency Services Department

Jeff graduated from the Nicola Valley Institute of Technology – Forestry Diploma, Merritt BC, in 1990, and has worked in forestry since. I have also achieved my registered forest technologist RFT accreditation, with the Association of BC Forest Professionals, as well a emergency management certificate with the Justice Institute of BC. I have managed the Forest Fuel Management Department, with FNESS for at least 5 years and employed for the last 10 years. We work with the BC Wildlife Service, Ministry of Forest Lands and Natural Resource Operations and Rural Development and the Union of BC Municipalities, to deliver the Community Resilience Investment Program, and also a part of the CRI management committee and the BC Fire Smart Committee. I have been involved with the Partners in Protection Fire Smart Canada for at least 4 years.
